

**Pre-Handover Inspection done for an NRI Indian of a unit in  
a premium residential complex in Kolkata**

I would like to again thank you and your team for conducting a top-class inspection of the apartment I purchased recently. I am thoroughly impressed by the quality and the depth of the inspection. If it was not for your team, some of the serious issues would not have been uncovered. You can be very proud of the job your team did and I can attest to the fact that the inspection quality is at par or even better than that in many developed nations.

Top - Class Inspection.

Thank you,

Romit Dasgupta
