### **Certificate of Appreciation**

We had a problem of leakage at one of our Projects, **Twinstar** developed by **Evercon Developers Pvt Ltd**, Rajkot. We happened to hear about "Classic Solution", the Franchise of "MACJ-A BUYER'S CHOICE" and got in touch with Atulbhai Doshi of Classic Solution, Rajkot. A detailed visual and infrared (IR) examination was carried out by the company and "Property Inspection Report" given by the company enabling us to pinpoint all existing and potential leakage sources and the spots of moisture content. Based on the company's detailed analysis and subsequent report, necessary steps such as guniting, grouting, and waterproofing of external joints were taken to plug the leakage and the results were found satisfactory. We highly appreciate the work done by "Classic Solution" Franchise of "MACJ-A BUYER'S CHOICE" and Atulbhai Doshi for their commendable work. We are proud to be on their clientele list.
